

ROMANIA

43 young members

NGN Romania started as an idea in 2015. The inspiration of this type of organization was seen in the Paris Sessions at the NGN booth.

Mihai Marcolț
Chair

Bogdan Leu
Secretary

Every year NGN Romania is responsible for activities addressed to the young professionals during the international conferences that are organised in Romania, such as technical paper competitions and workshops.

Also, NGN Romania members are participating in various working groups.

NGN Romania members have an important role in promoting CIGRE towards the young professionals in Romania and also to engage them in CIGRE's activities.
